

For At-large Director

John Richardson

Statement: I would like to put name forward for a Director position on the BLRC Board at the upcoming AGM. I love our great sport and would like to help out with the planning and development of our club where I have been an active rowing member for over 3 years. I have been a rower, a competitor, a coach at every level, volunteer, a fundraiser and enthusiastic supporter of rowers at all levels, from high schools, Universities, and clubs to the National team over the last 50 years. I am retired from practicing law now and have time to make a meaningful contribution to help develop the future of our club.
